Taking advantage of the extended ICD-10 implementation timeframe gives you even more control over your practice’s ICD-10 transition. To help your practice make the best use of this extension, the Centers for Medicare & Medicaid Services (CMS) is excited to offer free ICD-10 training: Road to 10: A Small Physician Practice’s Route to ICD-10

- Study the basics, differences, and benefits of ICD-10
- Explore common codes, primers for clinical documentation, and clinical scenarios all broken out by specialty
- Create a customized Action Plan, personalized by specialty and practice details

DATE/TIME/LOCATION:

Date: September 26, 2014
Time: 12-2PM
Location: UK Center of Excellence in Rural Health | Room 214/216 | 750 Morton Blvd | Hazard, KY 41701

LEARNING OBJECTIVES:

Designed for physicians, and practice managers, this educational session will offer background and strategies on ICD-10 implementation so that small physician practices will understand the business imperative around implementing ICD-10. The presentation will cover the following topics:

- Overview of ICD-10
- Clinical/Business Impacts of ICD-10
- Customizable Action Plan
- Documentation Requirements for Common Health Conditions
- Interactive Practice Clinical Scenarios
- Measuring Success
- Resources
