

Early Childhood Behaviors Study

We are conducting a research study in Perry County and hope to find out what parents and community members like you think about how best to help parents prevent behavior problems and prepare their preschool-aged children for success in school and beyond.

Requirements:

Parent of child age 3-5

Available for 1-hour interview

Benefits:

Influence in community research

Monetary compensation (\$25)

To participate:

Wayne Noble (606) 439-3557 ext. 83656

Julie Jacobs (859) 218-2018
